WE'RE LOOKING FOR PEOPLE WHO LOVE TO CAMP!

We know that there are many families in the area covered by the Presto Press who are campers because of the inquiries we have had about the big green box we have on the top of our car. In talking with these people, we find that the family next door or the family across from them are campers too. Camping is the biggest family recreation in the world. You

don't have to walk down the street very far before you find families who are either just starting to find out about the fun and relaxation of camping or have been camping for a good many years.

Camping can be a confused and disappointing affair if you have never camped before and strike out by yourself. This does not always happen as we met two young couples while we were camping in Canada this year, and with almost no equipment at all were having a great time. The one thing these couples did not realize was that this information is obtainable from organizations that are made up of campers who have "banded together", so to speak, to help new campers start out. They also help each other by swapping ideas and describing campgrounds at which they have camped. They have helped in bringing about legislation to improve our state and national parks and to keep the campfire lit during the long winter months by having area or chapter meetings. These are meetings where everybody gets together and talks about the places they have been and the things that have happened to them while there.

There is one such organization here in New England. It is known as the New England Family Campers Association, Inc., and it is one of the largest camping associations in

The "Campfire Chatter", which is NEFCA's official publication, is written and published by the members themselves and we think it is the best publication of its kind. There are articles on campgrounds, tips on camping, a sell - swap - buy column and many other interesting features.

This area is one of the few remaining areas in the state that does not have a NEFCA chapter and it is our thought and the thought of other members in this area that maybe most of the campers around here have never heard of NEFCA. Maybe you are members and would like to see a chapter in this area but do not know just how to start one. The first thing to do is to find out who is interested. We would like to hear from old campers, new campers, and people who have never camped before but may be interested in getting started.

Drop us a postcard with your name, address and telephone number and let us know that you are interested. Also, if you are interested in NEFCA, just print "NEFCA" on the card.

We might add that NEFCA (members only) is having its Fall Frolic at Belknap Mountain Recreation Area in New Hampshire on September 15, 16 and 17. This is a weekend of fun for the whole family and a grand finale to the 1961 camping season. We hope to see some of you there.

THE MATTAPOISETT NURSING HOME

NORTH STREET, MATTAPOISETT

Progress report We have now owned the Mattapoisett Nursing Home for two and a half months and although there is still more redecorating to do, it has been a busy summer. Five rooms have been completely redecorated in pastel colors with new floors, and vinyl asbestos tile laid. The new five bed room has been completed and decorated in sea-foam green with a pale grey floor. An additional fire escape, from this room, has been added by Mr. Tuttle. There is a heat-control fire alarm in this room connected as in all the other rooms. This room is now full with convalescent patients, all of whom are residents of the district, so they find much to talk about. They play cards, sew and watch television together. Visitors to one patient are enjoyed by the others and they get extra pleasure in sharing gifts of fruit, flowers and cookies with each other. Except in cases of severe disability or sickness, it has been my experience that patients are usually far happier if they are with congenial company and this cheerful, busy room certainly proves my point.

An additional safety feature of wire lathe and plaster has been installed over the furnace and plans are going forward on remodeling the kitchen and nurses station. We are also taking estimates on a new roof which we hope to install this fall.

Nearly all the patients in the home donated to the Mattapoisett Ambulance Fund during the recent house-to-house canvas. As one patient said, "I helped buy the last ambulance and helped wear it out so I guess the time has come to start again." Many of these people know, from personal experience, the value of a well equipped ambulance in time of need and were only too willing to donate to this worthy cause.

Two new nurses have been added to the staff; one of whom trained at the Lemuel Shattuck Hospital in Boston and the other at the Holy Ghost Hospital. They are graduate, licensed, practical nurses and, as their two year training program is devoted to chronic and geriatric patients, they are well fitted for the nursing home field.

Last month the Mildred Alford Nursing Home, the home I previously managed, was cited by the national magazine "Nursing Home Administrator". This magazine features one outstanding nursing home a month with an illustrated article and this was the first time a nursing home in Massachusetts has been so featured. A copy of the magazine is on display at the home as we are understandably proud of having been a part of it.

Visiting hours for the patients are from two to four in the afternoon and seven to eight at night but the home is open at all times: again I would like to extend a cordial invitation to church groups or any interested person who would care to call on us.

ROCHESTER CLUB VIEWS SLIDES OF SWITZERLAND

Mrs. Marian Church presided at the first business meeting of the new season at the Rochester Woman's Club. Reports of summer activities were given which included an enjoyable supper and meeting at the summer home of Mrs. Greenwood Hartley, Sr. in Marion, the annual bazaar and smorgasbord in June and the auction in August.

Mrs. Alphonse Raymond was in charge of the program and presented beautiful scenic colored slides of Switzerland taken on trips to visit her son-in-law and daughter in Wadenzwill near Zurich. Many mountain scenes were shown with breathtaking views of the steep slopes of the Alps and their snow covered tops. Everyone remarked on the neat, clean streets and weed free gardens, and Mrs. Raymond said that they were just as they looked, as the Swiss people take a great pride in their home and surroundings. Several slides were shown of an active glacier that feeds Lake Geneva. Tourists are able to walk a distance inside the

shown were the many vineyards planted on the steep slopes, fields of golden flax grown for linen, the beautiful wild flowers and herds of wild horses that roam in many places.

At the business meeting Mrs. Timothy O'Brien reported on the progress of the Raymond C. Hartley Scholarship project, the community birthday calendar sponsored by the club. She said that the deadline for material to be sent was October 15 but that canvassers would have to have their lists completed and in to her by October 5. Each member has been asked to take care of the road she lives on. The success of this useful calendar has been outstanding and benefits a most worthy cause.

Mrs. Olive Winslow asked that it be announced that another afghan is being put together and will be ready to send to a veterans' hospital this fall. Boxes for veterans for Christmas must be done earlier this year and it is planned to pack these at the November meeting.

Information on fall out shelters received from Representative Keith was also circulated.

A coffee hour followed the meeting and hostesses were Mmes. Timothy O'Brien and Henry Smith.

TO MY MANY FRIENDS AND CUSTOMERS

I should like to express my deep and sincere appreciation for the wonderful tribute paid to my husband Lester. The beautiful floral tributes, the sympathy bouquets, the contributions to the Heart Fund, Ambulance Fund, Jewish Charities and Masses to be said in his behalf. The comforting letters and countless sympathy cards - all touched me more deeply than words can express.

I'd like to announce that I, and my entire staff at Frank's Market, will continue, to the best of our ability, to serve you as Lester always did.

SINCERELY.

PILOTING COURSE IN MATTAPOISETT

A free piloting course which will give its takers a firm foundation on which to build skill in piloting, seamanship and small boat handling will be presented once again this year by the Mattapoisett Power Squadron.

Conservative estimates are that during the 47 years the course has been given by constituent squadrons across the nation, more than 600,000 people have completed the study program.

Registration for the Mattapoisett squadron course will be held at 7:30 September 12 or 19 in the Congregational Church in that town. Men and women 16 and over, whether or not they are boat owners, are invited to take part in the program.

The course is designed to be of equal value to all boatmen, from the fisherman who rents an outboard for a day, to the yachtsman who plies the waters in a powerful cruiser or a graceful sailing craft.

All are subject to the same laws and obligated to obey the same rules and regulations concerning boating.

The course, which terminates with an examination January 23, will include lectures on safety afloat, seamanship, small boat handling, equipment and government regulations, rules
